

Nothing Changes Until YOU Change

As part of the 15 Year Anniversary 2014 celebration, Culinary Institute LeNotre was pleased to host an inspirational talk with Executive Chef Charles Carroll of River Oaks Country Club on Tuesday, January 21, 2014. Chef Carroll directed the students and alumni towards a path of success based on hard work and goal setting. He stressed the importance of finding mentors whom you admire and emulating them while giving your job 110% knowing one day you can and will accomplish your goals. As the presentation wrapped up, Chef Carroll signed books and had on-on-one photo session with the students and alumni. Eagerly they lined up awaiting their opportunity to speak with Chef Carroll and receive their autographed copy of his two books, *Tasting Success “Your Guide to Becoming a Professional Chef”* and *Leadership Lessons from a Chef “Finding Time to Be Great.”*

His insight to life is truly refreshing and his passion ignited us all!

“You can wish to dream forward, but you can’t dream back. Don’t ever regret, start today, do something extraordinary, and stop being ordinary... because NOTHING CHANGES UNTIL YOU CHANGE.”
